ASRC
Kit Policy

For medal ceremonies and prize-givings, athletes are encouraged to wear either an ASRC long-sleeve top or, where applicable, their SE Ambassador top, and other ASRC branded kit if possible at races. It would be appreciated if athletes could also train in ASRC kit, but we understand that it may not always be possible. The joining fee that members pay covers the cost of one long sleeve top, which can be claimed for once the probationary period is completed.

Any questions regarding race-day kit expectations should be raised with the Team Manager, Coach or Committee Member responsible for a race/event. Athletes and members should not seek to enforce kit expectations directly with other athletes.

To clarify: For those athletes that have been selected as DrySlope Ambassadors, SE Ambassador tops are recognised as an acceptable alternative to ASRC tops at races. These should ideally be combined with ASRC kit or hats so that the club is represented too.

We have a variety of ASRC branded clothing available to purchase.

Please see the ASRC website and the 'ASRC KIT' page for up to date information on where to order kit from.
